SAFETY DATA SHEET

Section 1: Product and Company Identification

Product: Nilodew Dumpster Deodorizer
NEW AND IMPROVED

NILODOR, INC.
10966 INDUSTRIAL PARKWAY NW
BOLIVAR, OHIO 44612, USA

Non-Emergency: 24 hr Emergency Spill Information:
US 800-443-4321
International +01-330-874-1017

Section 2. Hazards Identification

EMERGENCY OVERVIEW
Appearance/Odor: Gray-brown granules

WARNING
Flammability: Not classified as flammable
Health Hazards Listed: Sensitivity to dust inhalation
Ecological Hazards Listed: None known
Potential Health Effects: See section 11 for more information.

Risk Phrases:
R22 - Harmful if swallowed
R36/37/38 - Irritating to eyes, respiratory system and skin

Safety Phrases:
S2 - Keep out of the reach of children
S7 - Keep container tightly closed
S37 - Wear suitable gloves

Hazard Phrases:
H335 - May cause respiratory irritation
H320 - Causes eye irritation

Precautionary Phrases:
P234 - Keep only in original container.
P261 - Avoid breathing dust/fume/gas/mist/vapours/spray.
P285 - In case of inadequate ventilation wear respiratory protection.
Likely Routes of Exposure: Respiration

Eye: Direct exposure may irritate
Skin: Prolonged or repeated exposure may irritate
Ingestion: Not expected to be a problem
Inhalation: Classified as Group 3 (not classifiable for human) by IARC

Medical Conditions Aggravated By Exposure:
Allergies to fragrances; Asthma or preexisting respiratory problems

Target Organs: Lungs, see below

This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

Potential Environmental Effects: (See section 12 for more information.)
None known

Section 4. First Aid Measures

Eye Contact: Flush eyes with copious amounts of clean water, holding lids open. If irritation persists, consult a physician.
Skin Contact: Wash with soap and water.
Inhalation: Remove to fresh air if irritation, cough, shortness of breath occurs.
Ingestion: Give water or milk to drink if conscious.

Note to Physicians: Inhalation of fragrance is not expected to be a problem. Inhalation of dry dust may cause discomfort to allergies / sensitivities

Section 5. Fire Fighting Measures

Suitable Extinguishing Media: Foam, carbon dioxide, dry chemical
Unsuitable Extinguishing Media: Fragrance portion could float on surface of water and continue burning
Products of Combustion: Oxides of carbon and nitrogen.
Protection of Firefighters: Due to residual silica, self-contained breathing apparatus or dust mask is recommended

Section 6. Accidental Release Measures

Personal Precautions: Keep away from skin and eyes. If product appears dry or dusty, wear dust mask or respirator.
Environmental Precautions: Keep out of surface waters and sanitary sewers.
Methods for Containment: No special requirements. Liquid portion is adsorbed on mineral carrier.
Methods for Clean-Up: Sweep up or shovel up for disposal.
Other Information: After granular powder has been swept or shoveled up, area of spill may be mopped with soap and water.

Section 7. Handling and Storage

HANDLING
Keep away from skin and eyes. If product is dry or dusty, wear dust mask or respirator.
STORAGE

Keep out of reach of children. Store in closed container

Section 8. Exposure Controls/Personal Protection

EXPOSURE GUIDELINES

COMPONENT: TWA: LD-50
Water NA NA
Clay Granules NA NA
Odor Counteractant NA NA

Engineering Controls: Normal Ventilation

Eye/Face Protection: Remove contact lenses (due to possible dust), Flush eyes with water if irritation occurs.

Skin Protection: Wash with soap and water. If sensitive skin, wear protective gloves.

Respiratory Protection: Dust mask or respirator recommended, especially if product appears dry or dusty. If inhaled remove to fresh air.

General Hygiene Considerations: Keep out of food and beverages

Section 9. Physical and Chemical Properties

Color: Gray to brown Odor: Spicy
Physical State: Granular Solid Odor Treshold:
P: Not applicable Freezing Point: Not applicable
Evaporation Rate: Not applicable Boiling Point: Not applicable
Flash Point: Not applicable Flammability(solid,gas): Not considered flammable.
Upper Flammability Limit: Not determined Lower Flammabilty Limit: Not determined
Vapor Pressure: Specific Gravity: Not determined. Bulk density greater than 0.75 g/mL
Vapor Density: Not determined Auto-ignition Temperature: Not determined
Volatile Organic Compound (VOC),%weight: Solubility (water): Insoluble
Less than 5%, all fragrance Percent Volatile: Less than 20% including water

Section 10. Stability and Reactivity

Stability: Stable
Conditions to Avoid: None known
Incompatable Materials: Unsaturated organic compounds such as turpentine, vegetable oil, and hydrofluoric acid may generate heat when mixing with dry clay.

Hazardous Decomposition Products: None known
Possibility of Hazardous Reactions: Extremely improbable

Section 11. Toxicology Information

ACCUTE EFFECTS

Oral LD50: Not determined for mixture. Weighted average more than 6 grams per kilogram, acute.

Dermal LD50: Not considered toxic by skin contact. Weighted average more than 5 grams per kilogram, acute.

Inhalation: Not considered acutely toxic by inhalation. Weighted average more than 4 milligrams per Liter.

Eye Irritation: Direct contact with fine particles can irritate eyes
Skin Irritation: Prolonged or repeated contact can irritate skin
Sensitization: Sensitivity to residual silica may occur after long term exposure.

CHRONIC EFFECTS
Mixture contains zeolite which is Class 3 (not classifiable to humans) by IARC.
Carcinogenicity: Residual Silica is a suspected carcinogen however the low levels in this product would not cause adverse effects with normal use.
Mutagenicity: None known
Reproductive Effects: None known
Developmental Effects: None known

Section 12. Ecological Information
Ecotoxicity: None known
Persistence/Degradability: None known.
Bioaccumulation/Accumulation: Mineral carrier is persistent. Fragrance is biodegradable.
Mobility in Environment: None known

Section 13. Disposal Considerations
Disposal: Mineral carrier is not mobile.

Section 14. Transportation Information
US DOT (ground)
Proper Shipping Description: Dispose according to Federal, State or Provincial, and Local regulations

CANADA TDG (ground)
Proper Shipping Description: Not a Hazardous Material

ICAO (air)
Proper Shipping Description: Not a Dangerous Good

IMDG (water)
Proper Shipping Description: Not a Dangerous Good

Section 15. Regulatory Information
Global Inventories
TSCA: United States Included
DSL: Canada Included
ECL: Korea Not-Known
PICCS: Philippines Not-Known
ENCS: Japan Not-Known
AICS: Australia Included
IECS: China Not-Known
EINECS: European Union Included

SARA 313 Information: Does not contain reportable concentrations of any SARA 313 Substances

California Safe Drinking Water and Toxic Enforcement Act pf 1986 : (Proposition 65)
Not classifiable by IARC. Product mixture may contain negligible amounts of silica.

WHMIS: Canadian Workplace Hazardous Material Information System
D 2 B
Legends:
NFPA, HMIS:
0=Minimal Hazard, 1=Slight Hazard, 2=Moderate Hazard, 3=Severe Hazard, 4=Extreme Hazard
