2. Hazards Identification

Emergency Overview
This product is regulated by Health Canada as a disinfectant. Extensive testing has been completed to show that it is safe and effective when used as directed. Avoid contact with eyes, skin and clothing.

Keep out of reach of children.

Potential short term health effects

Routes of exposure
Eye, Skin contact, Inhalation, Ingestion.

Eyes
Mildly irritating to the eyes.

Skin
Slightly irritating to the skin.

Inhalation
None expected during normal conditions of use.

Ingestion
Health injuries are not known or expected under normal use.

Target organs
Eyes. Respiratory system. Skin.

Chronic effects
The finished product is not expected to have chronic health effects.

Signs and symptoms
Symptoms may include redness, oedema, drying, defatting and cracking of the skin.
Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

Potential environmental effects
Components of this product have been identified as having potential environmental concerns.

3. Composition/Information on Ingredients

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

4. First Aid Measures

First aid procedures

Eye contact
Immediately flush eyes with plenty of water for several minutes, occasionally lifting upper and lower eyelids. Check for and remove any contact lenses, and continue rinsing eyes for at least 15 minutes. Get medical attention immediately.

Skin contact
Get medical attention immediately. In case of contact, immediately flush skin with plenty of water while removing contaminated clothing and shoes. Wash clothing before reuse.
Inhalation
Move exposed person to fresh air. Get medical attention immediately.

Ingestion
Call medical doctor or poison control center immediately. Wash out mouth with water.

Notes to physician
Treat patient symptomatically.

General advice
If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes and skin. Keep out of reach of children.

5. Fire-fighting Measures

Flammable properties
Not available

Extinguishing media
Suitable extinguishing media
Treat for surrounding material.

Unsuitable extinguishing media
Not available

Protection of firefighters
Specific hazards arising from the chemical
Not available

Protective equipment for firefighters
Firefighters should wear full protective clothing including self contained breathing apparatus.

Hazardous combustion products
May include and are not limited to: Oxides of carbon. Oxides of sulphur.

Explosion data
Sensitivity to mechanical impact
Not available

Sensitivity to static discharge
Not available

6. Accidental Release Measures

Personal precautions
Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep people away from and upwind of spill/leak.

Environmental precautions
Do not discharge into lakes, streams, ponds or public waters.

Methods for containment
Prevent entry into waterways, sewers, basements or confined areas.

Methods for cleaning up
Pick up and discard towel.

7. Handling and Storage

Handling
Ensure adequate ventilation.
DO NOT PUSH FINGER THROUGH OPENING.
Not intended for personal hygiene.
Use good industrial hygiene practices in handling this material.
When using do not eat or drink. Avoid contact with skin and clothing.
Avoid contact with eyes.
Avoid breathing vapours or mists of this product.
Do not ingest.
Keep container tightly closed.
Wash thoroughly after handling.
Do not reuse towelette.
Do not reuse the empty container.
DO NOT FLUSH.

Storage
Store in areas inaccessible to small children. Keep securely closed.
Store in a closed container away from incompatible materials.
Do not freeze.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
8. Exposure Controls / Personal Protection

<table>
<thead>
<tr>

<tr>
<td></td>
<td>TWA: 1 ppm</td>
</tr>
</tbody>
</table>

**Engineering controls**

General ventilation normally adequate.

**Personal protective equipment**

**Eye/Face protection**

Wear safety glasses with side shields. Emergency responders should wear full eye and face protection.

**Hand protection**

Rubber gloves. Confirm with a reputable supplier first. Emergency responders should wear impermeable gloves.

**Skin and body protection**

As required by employer code.

Usual safety precautions while handling the product will provide adequate protection against injury or irritation. Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is possible.

**Respiratory protection**

Where exposure guideline levels may be exceeded, use an approved NIOSH respirator. Emergency responders should wear self-contained breathing apparatus (SCBA) to avoid inhalation of vapours generated by this product during a spill or other clean-up operations.

**General hygiene considerations**

Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Wash hands before breaks and immediately after handling the product.

10. Stability and Reactivity

**Reactivity**

This product may react with oxidizing agents.

**Possibility of hazardous reactions**

Hazardous polymerisation does not occur.
Chemical stability
Stable under recommended storage conditions.

Conditions to avoid
Do not freeze
Exposure to moisture.
DO NOT MIX WITH BLEACH or use in conjunction with other household products.

Incompatible materials

Hazardous decomposition products
May include and are not limited to: Oxides of carbon. Oxides of sulphur.

Effects of acute exposure
Eye
Mildly irritating to the eyes.

Skin
Slightly irritating to the skin.
Not expected to be a skin sensitizer.

Inhalation
None expected during normal conditions of use.

Ingestion
Health injuries are not known or expected under normal use.

Sensitisation
The finished product is not expected to have chronic health effects.

Chronic effects
The finished product is not expected to have chronic health effects.

Carcinogenicity
The finished product is not expected to have chronic health effects.

15. Regulatory Information

Canadian federal regulations
This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.

Product Registration: Registered with TPD, DIN 02381540

All components of this product are either on the Domestic Substances List (DSL), the Non-Domestic Substances List (NDSL) or exempt.
