1. Product and Company Identification

Product Name: LYSOL® IC™ - Quaternary Disinfectant Cleaner Concentrate - Use dilution 1:256 (1/2oz./gal.)

UPC CODES: Refer to Section 16

CAS #: Mixture

Product use: Disinfectant

Distributed by: Reckitt Benckiser
Morris Corporate Center IV
399 Interpace Parkway
P.O. Box 225
Parsippany, NJ 07054-0225
In Case of Emergency: 1-800-228-4722
Transportation Emergencies: 24 Hour Number:
North America: CHEMTREC: 1-800-424-9300
Outside North America: 1-703-527-3887

2. Hazards Identification

Emergency overview: This product is regulated by the US EPA as a disinfectant.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

DANGER -- CORROSIVE
Causes irreversible eye damage and skin burns. HARMFUL IF SWALLOWED. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective gloves (rubber or chemical resistant). HARMFUL IF INHALED. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

KEEP OUT OF REACH OF CHILDREN.

Potential short term health effects:

Routes of exposure: Eye, Skin contact, Inhalation, Ingestion.

Eyes: Corrosive to eyes. Causes irreversible eye damage.

Skin: Corrosive to skin. Causes burns. Avoid skin contact. Not expected to be a skin sensitizer.

Inhalation: Use only in a well ventilated area.

Ingestion: Harmful if swallowed.

Target organs: Eyes. Skin. Respiratory system.

Chronic effects: The finished product is not expected to have chronic health effects.

Signs and symptoms: Symptoms may include headache, dizziness, tiredness, nausea and vomiting.
3. Composition / Information on Ingredients

4. First Aid Measures

**First aid procedures**

**Eye contact**
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**Skin contact**
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**Inhalation**
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**Ingestion**
Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**Notes to physician**
Probable mucosal damage may contraindicate the use of gastric lavage. Appropriate treatment to help protect the affected person against circulatory shock, respiratory depression, and convulsion may be needed.

**General advice**
If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes and skin. Keep out of reach of children.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

5. Fire Fighting Measures

**Flammable properties**
Combustible by OSHA criteria.

**Extinguishing media**
- **Suitable extinguishing media**
  Treat for surrounding material.
- **Unsuitable extinguishing media**
  Not available

**Protection of firefighters**
- **Specific hazards arising from the chemical**
  Not available
- **Protective equipment for firefighters**
  Firefighters should wear full protective clothing including self contained breathing apparatus.

**Hazardous combustion products**
May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Ammonia. Hydrogen chloride.

**Explosion data**
- **Sensitivity to mechanical impact**
  Not available
- **Sensitivity to static discharge**
  Not available

6. Accidental Release Measures

**Personal precautions**
Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep people away from and upwind of spill/leak.

**Methods for containment**
Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas.
Methods for cleaning up

Before attempting clean up, refer to hazard data given above. Small spills may be absorbed with non-reactive absorbent and placed in suitable, covered, labelled containers. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice. Never return spills in original containers for re-use.

7. Handling and Storage

Handling

DANGER
Corrosive material.
Causes irreversible eye and skin burns.
HARMFUL IF SWALLOWED.
HARMFUL IF INHALED.
Do not get in eyes, on skin or on clothing.
Do not get this material in your eyes, on your skin, or on your clothing.
Use according to package label instructions.

Storage

Store in original container out of reach of small children. Keep securely closed in a cool, well ventilated area. Do not reuse empty container. Rinse and discard or recycle.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

8. Exposure Controls / Personal Protection

Exposure limits

<table>
<thead>

Engineering controls

General ventilation normally adequate.

Personal protective equipment

Eye / face protection
Avoid contact with eyes. Wear chemical goggles. Emergency responders should wear full eye and face protection.

Hand protection
Avoid contact with the skin. Wash hands after use. Protective gloves. Emergency responders should wear impermeable gloves.
Skin and body protection
As required by employer code. Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is possible.

Respiratory protection
Where exposure guideline levels may be exceeded, use an approved NIOSH respirator. Emergency responders should wear self-contained breathing apparatus (SCBA) to avoid inhalation of vapours generated by this product during a spill or other clean-up operations.

General hygiene considerations
Use good industrial hygiene practices in handling this material. When using do not eat or drink. Washing with soap and water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact.

9. Physical and Chemical Properties

| Appearance | Clear. |
| Color | Amber |
| Form | aqueous solution |
| Odor | Mild Characteristic |
| Odor threshold | Not available |
| Physical state | Liquid |
| pH | 7.2 - 8.2 @ 25°C |
| Freezing point | Not available |
| Boiling point | Not available |
| Pour point | Not available |
| Evaporation rate | Not available |
| Flash point | Not available |
| Auto-ignition temperature | Not available |
| Flammability limits in air, lower, % by volume | Not available |
| Flammability limits in air, upper, % by volume | Not available |
| Vapor pressure | Not available |
| Vapor density | Not available |
| Specific gravity | 0.99 - 1.01 @ 25°C |
| Octanol/water coefficient | Not available |
| Solubility (H2O) | Complete |

10. Stability and Reactivity

Chemical stability
Stable under recommended storage conditions.

Conditions to avoid
DO NOT MIX WITH BLEACH or use in conjunction with other household products. Excessive heat.

Incompatible materials

Hazardous decomposition products
May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Ammonia. Hydrogen chloride.

Possibility of hazardous reactions
Hazardous polymerization does not occur.

Sensitization

The finished product is not expected to have chronic health effects.

Chronic effects

The finished product is not expected to have chronic health effects.

Carcinogenicity

The finished product is not expected to have chronic health effects.

ACGIH - Threshold Limit Values - Carcinogens

- **Ethanol** 64-17-5 A3 - Confirmed Animal Carcinogen with Unknown Relevance to Humans

Mutagenicity

The finished product is not expected to have chronic health effects.

Reproductive effects

The finished product is not expected to have chronic health effects.

Teratogenicity

The finished product is not expected to have chronic health effects.

Synergetic Materials

Not available

12. Ecological Information

Ecotoxicity - Freshwater Algae Data

- Ethylenediamine tetraacetic acid 60-00-4 72 Hr EC50 Desmodesmus subspicatus: 1.01 mg/L

Ecotoxicity - Freshwater Fish Species Data

- Ethanol 64-17-5 96 Hr LC50 Oncorhynchus mykiss: 12.0-16.0 ml/L [static]; 96 Hr LC50 Pimephales promelas: >100 mg/L [static]; 96 Hr LC50 Pimephales promelas: 13400-15100 mg/L [flow-through]
- Ethylenediamine tetraacetic acid 60-00-4 96 Hr LC50 Lepomis macrochirus: 34-62 mg/L [static]; 96 Hr LC50 Pimephales promelas: 44.2-76.5 mg/L [static]
- Sodium hydroxide 1310-73-2 96 Hr LC50 Oncorhynchus mykiss: 45.4 mg/L [static]

Ecotoxicity - Water Flea Data

- Ethanol 64-17-5 48 Hr LC50 Daphnia magna: 9268 - 14221 mg/L; 24 Hr EC50 Daphnia magna: 10800 mg/L; 48 Hr EC50 Daphnia magna: 2 mg/L [Static]
- Ethylenediamine tetraacetic acid 60-00-4 48 Hr LC50 Daphnia magna: 113 mg/L [Static]

13. Disposal Considerations

Waste codes

Not available
### Disposal instructions

Dispose in accordance with all applicable regulations.

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**Waste from residues / unused products**

Not available

**Contaminated packaging**

Not available

---
