I Product: CLOROX 2® FOR COLORS COLOR SAFE BLEACH - ORIGINAL (DRY)

Description: WHITE GRANULATE WITH BLUE SPECKLES AND A CITRUS, FLORAL, POWDERY ODOR

II Health Hazard Data

Eye irritant. Repeated or prolonged skin contact with powder or paste of product may cause irritation. May be harmful if swallowed. Inhalation of dust may cause irritation. Prolonged or repeated inhalation of large quantities of dust may induce respiratory sensitization in susceptible individuals and cause allergic responses in sensitized individuals.

If ingested, sodium perborate is converted to boric acid in the body. Boric acid has been found to cause reproductive and developmental toxicity in laboratory animals fed high levels. There is insufficient data to confirm these effects in humans.

No medical conditions are known to be aggravated by exposure to this product.

FIRST AID:

EYE CONTACT: Flush immediately with water for 15 minutes. If irritation persists, call a doctor.

SKIN CONTACT: Rinse with plenty of water. If irritation persists, call a doctor.

INGESTION: Drink a glassful of water. Call a doctor or poison control center.

INHALATION: Remove to fresh air. If breathing problems develop, call a doctor.

III Hazardous Ingredients

<table>

*TLV-C = ACGIH Threshold Limit Value - Ceiling limit for pure crystalline subtilisin.

None of the materials in this product are on the IARC, OSHA, or NTP carcinogen lists.

IV Special Protection and Precautions

Hygienic Practices: Wash hands after direct contact.

Engineering Controls: Use local ventilation to minimize exposure to product dust.

Personal Protective Equipment: Wear safety glasses. Wear rubber or neoprene gloves for sensitive skin or if there is the potential for prolonged skin contact. In situations where high concentrations of dust may be generated, a NIOSH-approved respirator is advised.

V Transportation and Regulatory Data

DOT/IATA/IMDG: Not restricted.

EPA - SARA Title III/CERCLA: This product is regulated under Sections 311/312. This product contains no chemicals that are regulated under Section 313 or under Section 304/CERCLA.

VI Spill Procedures/Waste Disposal

Spill Procedures: Vacuum sweep, if possible, to avoid generating airborne dust. Wash residual down to sanitary sewer. Contact the sanitary treatment facility in advance to assure ability to process washed-down material.

Waste Disposal: Dispose of in accordance with all applicable federal, state, and local regulations.

VII Reactivity Data

Stable under normal use and storage conditions.

VIII Fire and Explosion Data

Not flammable or explosive.

IX Physical Data

pH (1% solution) ................................................................. 11 - 11.5
Bulk density (g/cm³) ...................................................... ~0.70
Solubility in water .......................................................... Soluble
